

how to Love

dear dorris,
how can I calm a friend
who has been rejected?

-jorge

Before we confess our love
to someone

we have to make ourselves
vulnerable

with the expectation of living
with the beloved.

But if the beloved doesn't
feel the same way

then the Lover will feel
incomplete

AND THAT IS WHERE

YOU

COME IN!

"you"?
that's me

you can't fix their
situation

but you can let them
heal themselves

while you hang around.
